Given its central position and ease of access, it is just a few minutes from any part of the city, close to shops, the main cultural attractions and the essence of what it means to live in the heart of Lisbon.
The development is served by an excellent transport network, such as the underground, bus and trains.
The airport is around 10 minutes away by car.
The proximity to the city's main shopping centres, as well as cultural facilities, theaters, cinemas, museums and Lisbon's university campus make this the ideal location for those looking to live in the centre of Lisbon.
