Ref. RXS17 | Porto

Apartment T4 in Campanhã

The ANTAS BUILD building is located in the heart of Antas, on the new Av. Alameda da Antas.
A project of contemporary architecture, with homogeneous lines, of greater emphasis, by the architect Joaquim Bragança, Antas Build presents an external coating of natural stone, characteristics that will last in time.
This T4 penthouse has a magnificent terrace of 40m2, with east/west orientation, located on the 7th floor and with a total area of 262m2.
Constructive quality, both in the structural component of the building, as in its finishes, materials or equipment applied and, especially, in the high thermal and acoustic efficiency, which distinguishes this project in the city center of Porto.
