Luxury 3 bedroom apartment, surrounded by art, culture and a vibrant community, Factory is located in a neighborhood where you live the city in an authentic way.

Where the city inspires

Surrounded by art, culture and a vibrant community, **Factory** stands in a neighborhood where Lisbon lives authentically. A stone's throw from Marvila, Beato and Tejo, it offers immediate access to restaurants, shops, services and unique experiences.
More than an apartment, it is a place where inspiration becomes part of everyday life.

Author's architecture with a Lisbon soul

Signed by Pritzker Prize-winning Renzo Piano and developed by VIC Properties, Factory features 53 apartments – from T0 to T4 – with versatile layouts, abundant natural light and excellent finishes.
A new architectural landmark in Lisbon, where design and comfort coexist in perfect harmony.

A neighbourhood that reinvents Lisbon

Riverside Marvila, boosted by **Prata Riverside Village**, has become the epicenter of a new Lisbon: creative, cosmopolitan and open to the world. Here, artists, entrepreneurs, and visionaries cross paths, share ideas, and bring a reimagined future to life.
At the heart of this setting, the **Factory Building** celebrates the heritage of the site – once a factory – and transforms it into its most contemporary expression.

Spaces to live and create

Renzo Piano's vision and VIC Properties' excellence translate into spacious apartments, bathed in natural light, where functionality and inspiration coexist. **Ernesto Meda** kitchens fully equipped with **SMEG** appliances, premium finishes and state-of-the-art technology ensure comfort and sophistication.
