A breathtaking view of the Tagus River and Monsanto Park from your terrace. Estrela 55 is close to Lisbon's historical monuments and the city's best gastronomic experiences. The panoramic views and the trendy atmosphere of the area combine with the fact that it is close to everything: the downtown, the riverside area, the typical neighbourhoods where fado was born and the business avenues that are the epicentre of the main commercial operations.This development is much more than a well-situated flat complex. Each unit of the Estrela 55 combines comfort and functionality, thinking about your daily needs and your well-being.The materials and equipment, carefully selected, are a reflection of the premium product that is the Estrela 55. 10 magnificent apartments, between T2, T3 and T4. Its facades were designed to maximise what Lisbon has to offer: light. Thus, priority was given to the balance between interiors and exteriors, in a building located in a city with more than 270 days of sunshine per year.STAR 55Location1. LX Factory2. MAAT3.
