- Land Area: 826 m²

Iconic Villa in Sintra

This iconic Villa with stunning architecture, for complete restoration of its interior, with an initial lack of income and escalation over 20 years of income.
Can be an interesting project for a private home or a small hotel.

With its nine bedrooms and two livingrooms, besides several divisions for storage, distributed by a total of 500m2, they give space to reinvent an old property to be a charming modern space.

Right in the centre of Sintra, next to the railway station, this property is very close to all direct accesses to Lisbon (30 min.), Cascais (20 min.) and to other parts of the country by the A9 and A16 highways.
It is also just a few minutes from the beaches of this area.
