TIMELESS SOULFUL VILLA BY THE BEACH

This beautiful seven-bedroom villa radiates warmth, soul, and understated sophistication. Set on a generous plot within walking distance of the beach, it offers serene resort and green zone views, stretching towards the sea from the upper terrace. Recently transformed with meticulous attention to detail, the home artfully blends authentic charm with a fresh, contemporary sensibility—a sanctuary that invites both relaxation and joy.

Throughout, natural textures, whitewashed surfaces, and rustic wood beams evoke the relaxed elegance of Ibiza, creating interiors that feel both timeless and stylish. The layout flows with a welcoming energy, from the open-plan living area and cosy winter snug with wood-burning fireplace, to the sunken lounge connecting directly to the covered pool terrace and landscaped gardens.

At its heart lies a striking kitchen with double-height ceilings and skylight windows, designed for everyday living and convivial gatherings. An impressive mezzanine adds a playful architectural touch, while two indoor dining areas provide flexibility for entertaining. The villa features seven serene bedroom suites with built-in wardrobes—three upstairs and four on the ground floor—alongside a spacious snug/family room and a practical laundry with service patio access.

Outside, mature gardens create privacy and tranquillity. A south-west-facing heated swimming pool with electric cover forms the perfect centrepiece, while the covered entertainment terrace, with its pitched wooden ceiling, includes a bar, lounge, BBQ kitchen, and several al-fresco dining areas.The seamless harmony between classic and modern design results in a refined and inviting aesthetic.
