Office at Lux Park

Office in excellent condition, with renovation taken to detail, where the mix of openspace is created with the privacy of the space sheltered through torn walls but with the use of the structure of the building creating the illusion of division between several spaces.The office is equipped with a pantry area, as well as individualised bathroom space, and can easily be adapted to a changing room area. Meeting room on the upper floor. All work areas face the street, giving natural lighting to the entire space.The floor is self-levelling, giving comfort to work and resistance to use, complemented by plastic paint on the walls that allows for simpler and faster cleaning, with the ceiling height being for various types of function.The office is located in the Lux Park business condominium, near TVI in Barcarena.Close to highways that allow you to quickly reach both Lisbon and connect to the north or south of the country.
