We present this land in Odiáxere, in the Descampadinho area with a total area of 9040m2 and a ruin with 233m2 for total reconstruction. The ruin was built before 1951. This is an opportunity for those looking to develop a project allied to Nature. There is a dam that passes along the entire land. The land already has electricity, water from the canal and a century-old well. Contact us for more information.
