Amenities and Potentialities:

Architectural project with modern and timeless lines - Architect Rui Jervis Autouguia
Spacious garden with numerous possibilities for use
Privileged location, close to green areas, international schools and local shops

Location
Inserted in the exclusive neighborhood of Restelo, this villa benefits from a quiet residential environment, marked by proximity to the Tagus River and a wide range of services, including international schools, hospitals, restaurants and cultural spaces. Quick access to the main roads, such as the A5 and CRIL, which connect to the center of Lisbon in minutes.

Come and see this project and discover the potential of creating your dream home in one of the most coveted areas of Lisbon.
