Building with Construction Potential for 7 Floors and More than 7,000 m² of Gross Area

We present an excellent investment opportunity in the heart of the city! This property, located in a privileged area, offers a plot of land with 667 m² and a construction potential of up to 7 floors, allowing a use of more than 7,000 m² of gross construction area.

Property Highlights:
 Large plot: 667 m², ideal for a residential, commercial or mixed project.
 High construction potential: Allows the construction of a modern building, with different types of units.
 Strategic location: Situated in an upscale area, with easy access to public transportation, commerce, schools, and essential services.
 Consolidated infrastructure: Region with great demand for new high-end developments.

This is an ideal investment for builders and developers looking for a high-impact project, in a region with high potential for appreciation and excellent financial return.
