Urban plot of land located in a peaceful residential area between Barão de São Miguel and Budens. This spacious urban plot of 1,585 m², situated in the well-established development of Urb. Rui Vaz, offers an excellent opportunity for those looking to build a bespoke home in the western Algarve. The property benefits from an approved architectural study and project for the construction of a modern 3-bedroom villa, thoughtfully designed to include a private swimming pool and garage, providing both comfort and convenience. The plot already has a perimeter wall built, adding an important element of privacy, security and definition of the property boundaries a valuable advantage for future construction and planning. The geo-study has been carried out and the water and electricity supplies are ready to connect on the plot. Set between the countryside and the sea, this calm residential location offers a perfect balance of nature, tranquillity and accessibility to nearby villages, services and beautiful beaches. An ideal opportunity to acquire a well-positioned plot where you can bring your dream home t...
