Tavira 4 Bed villa with heated pool, garden & energy-smart year-round comfort

Nestled within the prestigious “Quinta do Perogil” Estate — the most sought-after address in Tavira — this exquisite 4-bedroom villa offers a rare opportunity to embrace refined living in harmony with nature, in complete comfort all year round. Designed with top-quality insulation and photovoltaic panels, the property combines elegance with sustainability, ensuring an energy-efficient home that is as practical as it is beautiful. A true sanctuary for families, the villa is defined by its expansive, beautifully landscaped garden, where outdoor living takes centre stage. Here, under the dappled shade of a majestic, centuries-old carob tree, life unfolds slowly and beautifully. Children can roam freely across the manicured lawn while adults relax in the elegant octagonal pergola, enjoying alfresco meals or quiet conversations beside the heated swimming pool. Every corner of the outdoor space has been designed to invite connection, comfort, and calm, capturing the essence of the Algarve lifestyle — with the added assurance of a home built for sustainable, year-round enjoyment.
