With a privileged location in the center of Tondela, it benefits from the proximity of a wide variety of shops and services, as well as schools, hospital, pharmacies, bus center and also quick access to the IP3.
The apartments in the CONCORDE Building excel in a comfortable and functional spatial organization. These will be equipped with double glazing with electric shutters, frames with thermal cut, solar panels for water heating (heat pump) and air conditioning in all compartments, thus ensuring a comfortable and energy-efficient environment. The interior carpentry, from doors, wardrobes and kitchens, will be white. Practically all apartments have a balcony favoring the entry of natural light, and all have at least one parking space.
This 3-bedroom apartment also has a large terrace of 119m2, a storage compartment with 11.6 m2 on the -2 floor, and also for your maximum convenience, you can enjoy 3 parking spaces, on the -1 floor.
In short, the CONCORDE Building is not just a place to live, but a space where you can live fully, enjoying the perfect balance between comfort, convenience, and quality of life.
With completion of the work scheduled for October 2026.
