Ruin with approved project

Ruined house, 307m above sea level built in stone with 84.38m2, set in a plot of land with 682m2, located in the municipality of Calheta, more precisely in the parish of Estreito da Calheta. It has a project approved by the Municipality of Calheta for the recovery of the existing house and expansion. Magnificent views of the sea in a very quiet and easily accessible place. Solid investment for those looking for something for Local Accommodation, or even for those looking for a 1st or 2nd home.
