2 Bedroom Penthouse Ready to Live in the Heart of Machico

Not all Penthouses are the same. Most offer a balcony. It offers over 115m² of private outdoor space in the heart of Machico. A few minutes walk from the beach, restaurants, local shops, supermarkets and services, this exclusive 2 bedroom penthouse combines something increasingly rare in the real estate market in Madeira: the freedom and privacy of a villa with the practicality of an apartment. Inserted in a reserved building with only 15 fractions, it is fully furnished and equipped, ready to move in or monetize from day one. The real highlight is its two stunning private balconies. One of them, with more than 65m², equipped with barbecue and automatic awnings, transforms into a true outdoor living room. The second, with direct access to the rooms, offers a quiet and private space to enjoy Machico's mild climate all year round. With excellent interior areas, suite, abundant natural light and enormous potential for future appreciation, this property stands out in one of the most sought-after areas of the east coast of Madeira. If you are looking for more than an apartment and value ...
