Mill in Achete (Santarém) – Unique Project for Local Accommodation

This is no ordinary property.

It's a challenge. An invitation. An out-of-the-box project.

Located in the middle of nature, on the outskirts of Achete (Santarém), this old stone mill is located on a plot of about 325 m², in a secluded and extremely quiet place, where you can only hear the wind and the singing of birds. The natural surroundings and the unobstructed view offer the ideal setting for those looking for peace, authenticity and connection with the land.

With three floors and a stone structure, the mill preserves the charm and character of other times. There's even a tree growing at the top – a perfect symbol for anyone who wants to see something extraordinary bloom from an unlikely place.

Ideal for those who dream of a rural tourism project or local accommodation with a rustic, creative and differentiating touch. Here you have the opportunity to create an exclusive space, integrated into the landscape and with a unique identity.

It's not for everyone.
It is for those who have vision. For those who like to do things differently. For those who want a project with soul and authenticity.

If you're looking for something conventional, this isn't the right place.
But if you're looking for a special place to create something memorable, then this mill is worth a visit.
