House T2 + Urban Land for construction with 80.60m2 - Chamusca

N/Ref. DSSTRTP63 - TPD

 Nowadays you can no longer get houses ready to enter at this value. And this... it is just waiting for you.

 It is located in Parreira, right next to Chouto, in the municipality of Chamusca.
It has 51m², is a fully equipped T2, recovered, with well, annexes, and also a plot of land with 80m², with another matrix article, where you can build. An added value that is no longer seen every day.

 It's arriving, entering and using it — without works, without complications.
Good option to live, for a weekend home or to invest and make it work.

 The quality/price ratio is there.
Houses like this, with everything already done and with land, for this price? Increasingly rare.

 Don't wait... that these houses fly.
It is one of those examples that those who think too much, lose.
