Apartment T1 in Paranhos

Olimpo Studios is a construction site alongside the University of Aspres and Hospital de São João.

São spaces de luz e style, unidos num interior informale com design moderno: quarto, casa de banho e cozinha equipada, dispondo ainda de lugar de garagem.
Please note that your location is privileged and you have access to a vast number of public transport routes (autocar route and within 500 meters of the Hospital S. João metro station).

At the level of common areas, there are garden areas that provide recreational and laser spaces.

Our apartments also have the following notes:

-Exterior coverings: ventilated fachada with perfilada chapa with thermal insulation, caixilharia with PVC with batente system with thermal corte with duplo glass and construction of external shutters with thermal aluminum;
