Villa to be renovated T2 in UDF de Montemor-o-Velho e Gatões

Montemor-o-Velho Castle is the town's ex-libris and one of the largest and most beautiful in Portugal.

If you dream of living and feeling the ancient history of the Castle and Village of Montemor-o-Velho, I have a challenge for you.

Right on the slope of Montemor-o-Velho Castle, in the housing cluster, facing east, there is a house to rebuild with a magnificent backyard space and a stunning view of the Parque Ribeirinho and the Baixo Mondego fields.

On the back of this house you can see the imposing Castle of Montemor-o-Velho, in front of you a unique view over the fields of Baixo Mondego.

Montemor-o-Velho is located in the heart of Baixo Mondego. It is limited to the north by the municipality of Cantanhede, to the south by the municipality of Soure, to the east and southeast by the municipality of Coimbra and Condeixa and to the west by the municipality of Figueira da Foz.
