Modern residential near Benidorm

The project brings together 2 and 3-bedroom homes with open and functional layouts, where the living room and kitchen are integrated to create comfortable and bright spaces. The large terraces become a natural extension of the house, ideal for enjoying the Mediterranean climate all year round. The penthouses incorporate a private solarium, offering an additional space designed for rest and privacy. Each home includes a garage and storage room, providing practicality on a day-to-day basis. The residential has common areas designed for an active and relaxed lifestyle: swimming pool, gym, garden areas and social club. Its location within the City of Sport of La Nucía reinforces a proposal aimed at well-being and outdoor activity. A few minutes by car are the beaches of Benidorm, as well as all the necessary services, shops and connections with Alicante airport, which makes it an interesting option for both a permanent residence and a second home. Property Details: New build apartments and penthouses 2 & 3 bedrooms 2 bathrooms Large terraces Solarium in penthouses Communal pool Gym a...
