In this extremely functional house, water heating is done by a 300 Lt cylinder and heat pump with a water and energy saving system, which only lets the water out when it is hot in the tap.

The frames are made of PVC with double glazing and blinds.

Vinyl floor for greater comfort and durability.

The sun exposure is east and west, which allows good thermal stability and plenty of natural light throughout the day.

House in the final stages of completion with an expected six months to finish.

Prime Location:
* Located in São Martinho do Bispo, a few minutes from the center of Coimbra;
* Easy access to public transport and major roads;
* Close to universities, hospitals and essential services;
* Area with shops, supermarkets and restaurants nearby.

This villa represents an excellent investment opportunity, ensuring a high potential for profitability. Ideal for students, professionals and hospital workers.
