Contemporary villas with plot in Calpe

Development of two detached villas located in a quiet residential area of Calpe, just a few minutes from the centre and the beaches. An environment that combines privacy, open views and proximity to all services. Each home is developed over two floors and offers a balanced layout, with three bedrooms, three bathrooms and bright and airy interior spaces. The living room, with double height, creates a feeling of spaciousness and direct connection with the outside, where the private garden and pool are located. The large plots allow you to enjoy outdoor spaces well integrated with the house, designed for continuous use throughout the year. The kitchen, open concept and fully equipped, is integrated into the day area, favoring a practical and functional life. The project incorporates efficient solutions such as autonomous air conditioning and a heat pump system, with an A energy rating, guaranteeing comfort in any season. A proposal aimed at those looking for a contemporary, independent and well-located home on the Costa Blanca, both for residential use and as a second home. Property Detai...
