Modern apartments in Fuengirola

Sunhill Los Pacos is a small-scale residential development located in a consolidated area of Fuengirola, designed for those looking for a functional home on the Costa del Sol with good connections to services and the sea. The complex, made up of 15 homes, offers a balanced two-bedroom layout with open spaces and direct access to private terraces. The ground floors incorporate gardens, while the penthouses stand out for their large terraces and solarium, providing different ways to enjoy the outdoor space. The project integrates common areas oriented to daily use, with a swimming pool, gym, sauna and garden areas, along with efficient solutions such as ducted air conditioning and aerothermal system. All this in a quiet urban environment, with schools, shops and fast connections to Malaga and its airport. Its location in Los Pacos allows you to combine residential life and proximity to the sea, just a few minutes from the beaches of Fuengirola. A coherent option for both habitual residence and second home, with a balanced positioning within the local market. Property Details: - Location: L...
